

HORSEBACK RIDING

We'll take you to the home of some of the finest Paso Fino horses on the island. Choose between a nearby countryside ride, on a 2,200 acre ranch beside lush mangrove waterways, tropical lakeside trails, caves and forests, or a ride through the foothills of the Rainforest with a quick dip in the river (a bit further away-wear your bathing suit underneath your clothing for this version). Long pants are a must. Children 5 years or older are welcome. If you've never ridden before, don't worry, you'll be given a Paso Fino horse that will be just right for you. 225 lbs. is the weight limit. Not suitable for expectant mothers.

ATV ADVENTURE

Experience an adrenaline boosting ride on two person four tracks through rugged terrain. We offer this exciting activity at two ideal locations – one, a nearby ranch boasting the largest mangrove forest reserve in Puerto Rico provides you with table top ranges for beautiful panoramic views, tropical forests, and caves complete with authentic Taino Indian carvings. The other, a ride through the foothills of the rainforest, offers you both low lying areas as well as uphill tracks under towering trees. We recommend wearing clothing you don't mind getting wet or muddy and long pants because the engine compartment heats up. Helmets are provided. A combined maximum of 400 lbs. is the weight limit. Not suitable for expectant mothers.

CITY TOUR WITH SHOPPING TIME

Your visit will pass through some of the newer sections of San Juan before crossing over on to the island of Old San Juan, connected by bridges to mainland Puerto Rico. Your tour includes admission to Fort San Cristóbal, which successfully defended Puerto Rico from attack by the British and Dutch in centuries gone by as well as a panoramic tour of the remainder of historic old San Juan before being dropped off for further exploration on your own, on foot, and free time for lunch and shopping in the many boutiques and outlets that line the historical cobblestoned streets.

Join us and experience the many facets of our unique island.

EI YUNQUE RAINFOREST

Part of the U.S. National Forest System, El Yunque boasts over 240 varieties of plants and receives billions of gallons of rainfall each year. Your visit includes a stop at Coca Falls, a visit to El Portal which is a beautiful visitor's center in the rainforest, a stop at Yokahú Tower which commands a view of the entire northeast coast of Puerto Rico, and a low impact hike along the Caimitillo trail where we will point out various phenomena of the rainforest, like the natural nest habitat for the almost extinct Puerto Rican Parrot. We'll bring the chilled bottled water.

EI YUNQUE RAINFOREST WITH HIKE TO LA MINA FALLS

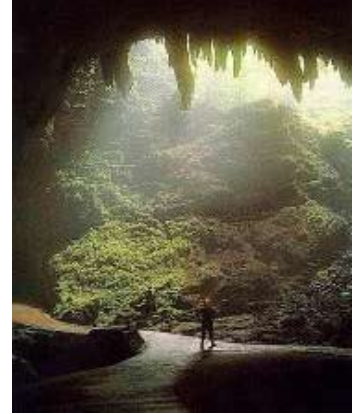

For the physically fit we offer an alternative of going down to La Mina Falls. This hike is approximately 45 minutes going downhill and a 55 minute hike return- all up hill. There is a beautiful waterfall and swimming pond at La Mina, so you will have a chance to wade in the water.

EL YUNQUE RAINFOREST WITH VISIT TO LUQUILLO BEACH

In this all day tour, you'll continue from the Rainforest to Luquillo Beach, a beautiful Blue Flag beach often found on calendars and postcards. You'll be able to purchase food and drink during your stop at the beach. Bring your beach towel, and your sunscreen, and of course be sure to wear your bathing suit. You may wish to bring a change of clothing as well.

CANOPY TOUR ZIP-LINING IN THE LA MARQUESA FORESTRY RESERVE

Move from platform to platform enjoying a bird's eye view of the forest while experiencing the rush of gliding, falling and flying through the trees. A lush tropical landscape is the backdrop for this activity as you soar through the treetops. This is an unforgettable excursion that allows you to experience Puerto Rico from a different perspective. Recommended attire is comfortable clothing you don't mind getting dirty or wet. Long pants are preferred and sneakers are a must. Not suitable for expectant mothers.

CAMUY CAVERNS/ARECIBO OBSERVATORY TOUR

You'll need an early start for this great all day activity, which first visits Río Camuy Cave Park, located in the northwest region of the island. It is an extensive subterranean cave system, said to be the largest in the Western Hemisphere. Following your visit to this fascinating underworld there will be time for lunch at a nearby Puerto Rican family style restaurant before proceeding to the Arecibo Observatory, the largest electronic radio telescope in the world, operated by Cornell University. The observatory has been the site for various Hollywood movies such as "Contact" and "Golden Eye", plus various television shows. (Cost of lunch is not included in the tour price)

COMBINATION CITY AND CASA BACARDI RUM TOUR

First, you will proceed to Casa Bacardi, located on the south side of San Juan Harbor where you will enjoy a fascinating tour of Casa Bacardi. At this visitor center of the world's largest distillery you will experience the history and culture of rum making and sample their very fine product, following which you'll enjoy a brief panoramic tour of historic Old San Juan and visit Fort San Cristóbal, a UNESCO World Heritage site.

NIGHT KAYAKING

Puerto Rico is famous for its bioluminescent bays, and one of the finest is an hour and a half from the hotel. Better appreciated on a moonless night, but a stupendous ecological experience even on moonlit nights, this trip gets you aboard two person kayaks with trained Life Guard/CPR qualified guides who lead you through the mangrove channels of an environmental preserve. When the ambient light level is low, the waters glisten with microorganisms that emit light when disturbed. Fish darting through the mangrove roots create a streak of light. Not recommended for people who are afraid of the dark. To do this activity you should be physically fit. There is a combined weight maximum of 400 pounds per kayak. Not suitable for expectant mothers.

TARPON FISHING

If you are not up for deep sea fishing, light tackle fishing for tarpon and snook in the island's bays and lagoons is an exciting alternative. The captain will pick you up at the dock (the best time is early in the morning, at 6:00 am), within minutes you'll catch your first fish and it won't be your last.

DEEP SEA FISHING

In the clear, blue waters off Puerto Rico, there are an abundance of blue and white marlin, bonito, albacore, Allison tuna, jack, king, mahi-mahi, sailfish, and wahoo. This provides for some excellent fishing. Tackle, gear and refreshments are included on board each boat. Tarpon Fishing is also available.

DAY TRIP TO ST. THOMAS

Take a 40 minute flight to St. Thomas, and explore the USVI on your own. You can take a ferry to St. John and snorkel amazing beaches, including the underwater trail at Trunk Bay. Or stay on St. Thomas and go shopping (great duty free bargains abound!), see the sites, or visit Coral World. Better yet, check out both islands!

CATAMARAN SAIL

This is what the Caribbean is all about! The Caribbean Sea starts right where our catamarans depart from. Rum Punch, Piña Colada, soft drinks and water are served and there are snacks from the time you embark until you return, plus a gourmet "Build Your Own Sandwich" buffet luncheon complete with fresh tropical fruits. Two stops are made, the first at a deserted island where you can snorkel (equipment is provided), lie in the sun, or stroll the beach. Following lunch a second spot is visited; one that offers a deeper water snorkeling opportunity. It's a great day!!!

SURF LIKE A PRO

Learn how to surf the waves from a real Surf Pro, "Chino". Taking place in Isla Verde, the beach is an ideal spot for surfing lessons. No experience is required but you must know how to swim. Chino and his staff will provide the proper instructions, a safe environment, knowledge about surfing and ocean safety. Don't forget to wear your bathing suit, and take a towel and sunscreen. A t-shirt is a must to protect you from rubbing against the surfboard.

PONCE, PEARL OF THE SOUTH & HACIENDA BUENA VISTA TOUR

Join us for a day trip to the south of Puerto Rico, for a visit to the second oldest city and tour some of the sites the city of Ponce is famous for: First stop is the Serallés Castle, home of the Serallés family, distillers of the Puerto Rican Don Q rum. Stroll through the Japanese gardens and visit the nearby Vigía Hill look-out. Next stop is Plaza las Delicias, where you will have time for lunch, as well as have the opportunity to see Ponce's Cathedral and Parque de Bombas, the eccentric firehouse, constructed in 1883.
